PLACE CARDS

Give your guests a visual treat, and let Scribe New York ink exquisite place cards for your special event. You can provide your own, if they are part of a custom-designed suite, or choose from our available assortment.

You'd be surprised at how often guests keep their place cards as a souvenir, saying that it's a delight to see their names written in fine calligraphy.

WHAT DO YOU WANT TO SAY?

The choices made regarding escort cards, place cards, and the style of script used will convey a particular mood. There are many options from which to choose – traditional, ornate, modern, simple -- depending on the event type, venue, menu, and more. The following pages should serve as inspiration, but the sky's the limit in terms of creativity.

"Style is a simple way of saying complicated things."

CUSTOM PLACE CARDS

Place cards don't even need to be cards! For a casual bridal party luncheon at a Mexican restaurant, the mood was festive; color directive was bright primaries. Using Mexican paper flowers as inspiration, flowers were hand-made and served as both place "cards" and wearable corsages. Names were inked in a bouncy, modern script.

CUSTOM PLACE CARDS

For a holiday luncheon, holly berries and leaves were hand-painted onto plain white place cards; they were created with the same motif and color palette of the invitations to provide design continuity from start to finish.

Custom projects require more lead time than off-the-shelf options to allow time to order supplies, mix custom colors, create stamps/seals, hand-paint artwork, etc.

Wax seals bearing a wreath of olive leaves were added to flat, deckled-edge cards to provide texture, elegance, and a WOW factor.
